**Re: Expression of Interest – Rural Broadband Experiments
Connect America Fund, WC Docket No. 10-90**

Dear Chairman Wheeler, Commissioners, and Mr. Chambers,

This letter is to express Tednology Corporations's interest in receiving funding from the Rural Broadband Experiments announced at the January 30th FCC Open Meeting.

Deployed broadband technology would utilize ADSL 2 and fixed wireless.

Service area would include Mendocino County (FIPS 06045), California, Census tracts 06045011001, 06045011002 and 06045010300.

Proposal is expected to require one-time funding of \$142,000.

Proposed service is greater than 4 Mbs down / 1 Mbs up.

AT&T and Comcast have in effect cherry picked areas of population density on the Mendocino coast. Our focus would be on the unserved and underserved.

Sincerely,

Ted Williams, TED@TED.NET
